

"I must work the works of him that sent me, while it is day:
the night cometh, when no man can work." John 9:4

July-August 2014

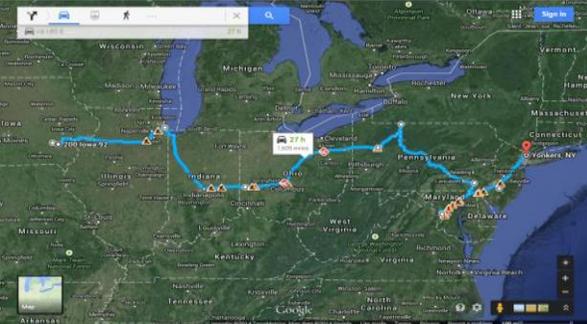

Dear partners in ministry,

I hope this letter finds you enjoying the riches and blessings of the Lord. Thank you churches for being kind and making deputation a wonderful experience for me. God's been so good to me; this last couple of months, he has answered so many prayers that I am still in shock.

Jeremiah 33:3.

Received more meetings

Since my last letter, I have been busy! Just in the month of August, I have been in 8 different churches, 10 different states, and have driven over 4,600 miles. I am so thankful for all the meetings that the Lord provided. In many of those meetings, several churches plan to take me on for support financially and prayerfully. My support is coming along: **I have 5% coming in, and have 13% promised.**

A 90 years old lady got saved

I have had the opportunity to soul win with pastors and with soul winners from the churches, and have been able to lead many souls to Christ; but, leading a 90 year old lady to Christ drove to tear. While I was in Washington, Iowa, I was knocking on doors and no one seemed to be home. When I knocked on the very last door, the ninety year old lady opened the door, and I was able to witness to her. When I asked her, "Would you like to be saved?" she had tears coming down her eyes, and said, "Yes." Praise God she got saved!!!

A free car given to me

Since I've been on deputation, my 1994 Toyota Camry that has 332,350 miles has broken down at least three times. When I took the long trip to Washington, Iowa, I was praying that I would make it there and back to the northeast. During the last night of a mission conference in Iowa, Pastor Joseph Brown and Marion Avenue Baptist Church saw my need of a vehicle, and **gave me a car.** Pastor Brown handed

me the keys of a 2005 Toyota Avalon that only has 88,000 miles on it. I am so glad that the Lord takes care of his children. I only asked the Lord to help me save money to buy a \$2,000 car that would take me from point A to point B, but never in my wildest dreams did I pray or think that I would get a free car. **God listens and answers our prayers!! Jeremiah 33:3**

Prayer requests:

More meetings

Safety on the roads

Support to begin coming in
